Research Interests
Chinese Financial Markets, FinTech, Empirical Asset Pricing, Financial Derivatives Market, Credit Risk Model, Financial Crises, Market Liquidity, Market Microstructure, Risk Management, and Fixed-Income Markets.

Dr. Jun Pan is a Professor of Finance and SAIF Chair Professor at the Shanghai Advanced Institute of Finance (SAIF), Shanghai Jiao Tong University. Prior to Joining SAIF, she was the School of Management Distinguished Professor of Finance at the MIT Sloan School of Management. Her research areas encompass Chinese financial markets, fintech, asset pricing, financial derivatives markets, credit risk models, financial crises, market liquidity, market microstructure, risk management, and fixed income markets. She has published more than 20 papers in prestigious international academic journals, including Econometrica, Journal of Finance, Review of Financial Studies, and Journal of Financial Economics.

Professor Pan serves as the editor of the Review of Finance and associate editor of the Journal of Finance since 2022. She is a senior fellow at the Asian Bureau of Financial and Economic Research (ABFER) since 2014, and the executive committee member of the ABFER since 2024. She was a faculty research fellow and research associate at the National Bureau of Economic Research (NBER), and the associate editor of Review of Finance Studies. Professor Pan has been selected as one of Elsevier's "China's Most Cited Scholars" list for four consecutive years from 2021 to 2024.

Professor Pan Jun has received numerous awards, including the Stephen A. Ross Prize in Financial Economics in 2015, the Best Paper Award at the China International Finance Conference (CICF) in 2021, and the Wharton Research Data Services Best Paper Award in 2024.

Professor Pan obtained her Ph.D. in Physics from New York University in 1995, and Ph.D. in Finance from Stanford University in 2000.
